This plan is designed for runners who have run a half marathon or two and other shorter road races and are looking to improve their times.

All mileage except workouts should be run at an easy or comfortable 'aerobic' pace.

Your tempo effort is somewhere between 10k and half marathon effort. To help gauge effort and pace for workouts, it is advised that runners race a 5K or 10K early in the training cycle.

The **Tuesday Night Track** (TNT) group will be meeting Tuesdays at 6:00 to do Horsetooth workouts each week. The group is welcoming and composed of runners of all abilities and paces. Workouts are easier with friends.

Use the Tortoise & Hare races as a chance to gauge your fitness progress and develop a goal time for the Horsetooth Half. Include a one mile warm up and cool down on T & H race days.

The most important elements of the training plan are workouts and weekend long runs. If you skip a few midweek runs, no problem, but do your best to complete the workouts and long runs. Juggle the schedule as needed to fit them in.

Workout Description
