ABOUT

Welcome to the 53rd running of the Horsetooth Half Marathon. The race takes runners on a scenic point-to-point journey from the location of Hughes Stadium, the former home of the CSU Rams, to the finish line party at New Belgium Brewery. This is all while providing a scenic view of the Horsetooth reservoir, challenging climbs, steep downhills, long flats with a net negative downhill.

The Horsetooth Half Marathon is the longest-running road race in Fort Collins and the oldest half marathon in Colorado. It is a well-known community event that brings together local businesses and residents. More than 2,000 runners take part in the event, locals gather on the race course and the community comes together at the finish line. Each year, around \$10,000 is donated to local non-profits via the race and the Fort Collins Running Club Community Fund.
